Add Printer

| Printer Name	Description	Location	Make and Model	Default	Status
Brother_HL-L2350DW_series	Brother HL-L2350DW series		Brother HL-L2300D, using brlaser v4	Default	Idle
Brother_HL_L2350DW_series	Brother_HL_L2350DW_series		HL-L2350DW series		Idle
Brother_HL_L2350DW_series_f889d2fea1db_	Brother_HL_L2350DW_series_f889d2fea1db_		Local Raw Printer		Idle
Brother_MFC_L3750CDW_series	Brother_MFC_L3750CDW_series		MFC-L3750CDW series		Idle
Brother_MFC_L3750CDW_series_b422007b56fe_	Brother_MFC_L3750CDW_series_b422007b56fe_		MFC-L3750CDW series		Idle

3. You will then be presented with a list of printers on the screen. Note that your HP Printer name will appear in the local printers section. Select the radio button located before the printer name and select the 'continue' button. On the following screen, select the 'continue' button again and wait for 5 seconds.

4. You will then be presented with the below screen showing you different printer drivers. The HP Printer provided supports the printer driver as highlighted in the below picture, that is, 'HP Laserjet Pro M203-M206 Postscript (recommended) (en)'. Once selected the printer driver HP Laserjet Pro M203-M206 Postscript (recommended) (en), select the 'add printer' button.

Modified: 23rd May 2023
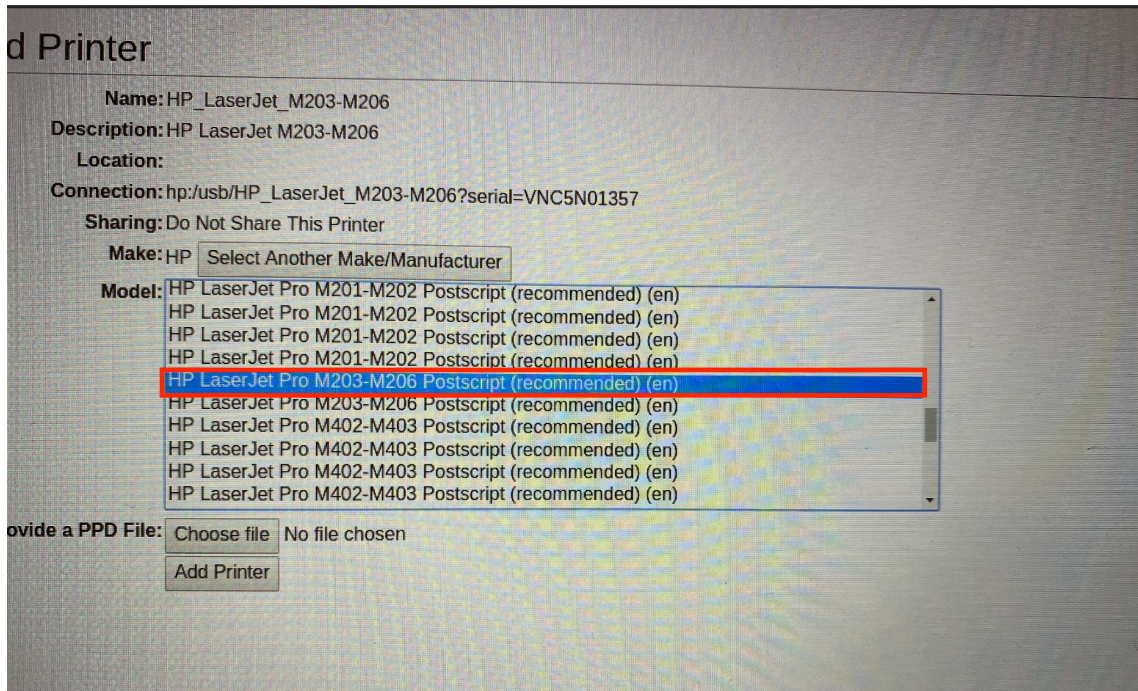

5. You will then be presented with the below screen. select the "Set Default Options" button and the screen will then present you with a message. Wait for the message to disappear.

Set Default Options

6. You will then be presented with the below screen. You will then need to select the green button on the far right corner of the screen that says "Set As Server Default" to set this printer as your default printer for the machine. You will then be presented with a message for confirmation. After this, you will be presented with the same screen as below.
7. Once done, select the blue button on the top left of the screen that says 'Back to Evolt Control Panel' and you will be presented with the control panel screen or the main scanning screen. In case you are presented with the control panel screen, simply select the red 'start scanning' button to return to the scanning screen.
